

Arginine Complex+

Support for Cardiovascular Function*

Patient Benefits:

Arginine Complex+ delivers high quality L-arginine and ActiFolate®— a proprietary blend of active folates—to support healthy blood flow, homocysteine levels, and overall cardiovascular function.*

- Provides enhanced levels of **L-arginine** to allow for minimal tablet consumption, thereby promoting better patient compliance.
- Features **ActiFolate®**—our exclusive proprietary blend of active folates that includes folic acid, 5-formyl tetrahydrofolate and L-5 methyl tetrahydrofolate.
- This combination of folates uniquely supports critical functions of folate by delivering the biologically active folates that are most commonly found in vegetables.*
- Providing three forms of folates may better ensure optimal folate nutrition—even in those with genetic variations in folate metabolism.*

Supplement Facts:

Serving Size: 2 Tablets

Servings Per Container: 60

	Amount Per Serving	% Daily Dose
Folate (as folic acid, L-5-formyl tetrahydrofolate and L-5 methyl tetrahydrofolate)	400 mcg	100%
